A COMPLETE COMMUNITY

St. Peters Basin is so much more than a new development. With the marina basin at its heart, it will grow to become a 'community' in the fullest sense of the word.

Embracing a full spectrum of houses, apartments, leisure and retail facilities, offices and landscaped courtyard areas, St. Peters Basin would be an exciting new community concept – anywhere!

But add to all this the River Tyne, with its vibrance, its splendour and its sheer presence – and you have an environment that enjoys the benefits of peace and tranquility yet is still within minutes of the thriving city centre.

St. Peters Basin offers a natural blend of traditional design and modern amenity, in a location which would be difficult to equal anywhere in the region.
